

Mrs. Don't know—"Oh, dear! Oh, dear! What shall I do? Here I am with the biggest washing for months, and there is a great big rust hole in the bottom of my washboiler."

Anty Drudge—"It's just the best thing that ever happened for you. Just throw the washboiler away or make an ash can of it, and wash with this cake of Fels-Naptha Soap I've brought you. Use it in cool or lukewarm water."

You are always ready to use Fels-Naptha Soap. That is a great advantage.

Say you want to wash a few pieces. Just use Fels-Naptha Soap, cool or lukewarm water—they're done in a jiffy without boiling, hard rubbing or hard work.

Same way if you want to remove an accidental grease spot from the floor or wash a window marked by sticky fingers. Fels-Naptha Soap is always ready.

## WEST VIRGINIA NEIGHBORS.

A jury in Mingo Circuit Court returned a verdict of \$7,000 in favor of Samuel Burton, a miner, of Thacker, in his \$10,000 personal injury suit against the War Eagle Coal Company of War Eagle.

Recently Gilmer Cox, of Wayne county, lost his barn by fire. In the barn was a fine horse and colt, a large quantity of corn and a number of useful implements all were consumed in the fire.

Wayne county lost one of its pioneers when Mrs. Mary Jane Ferguson, of Dock's Creek, died. She was 82 years old, and was known from end to end of the county. The cause of her death was said to be that of a severe cold which attacked her about two weeks ago. She was the widow of the late Daniel Ferguson. The children surviving are John and William Ferguson, who are prominent in the county.

The Sarbe Oil Co., which is composed of C. E. Sarber, R. E. Mumaugh and E. M. Arbogast, drilled in their well in Boone county Sunday, which is showing up for a production of four million feet of gas a day. The company has 500 acres in that county and the well is in the center of the tract which would indicate that the company has the prospects for a large gas production. The gas was struck in the top of the first pay in the Big Lime at a depth of 1,790 feet and the company will at once take up the drilling of other wells for further development of the property.

One criminal assailant, two horse thieves, two maimers, seven pistol toters and two other feloniously inclined men, convicted by the Mingo Circuit Court during the present term of court, were handed out sentences by Judge Dameron.

Tillman Adkins, of Logan county, convicted on a charge of rape of 13-year-old Rhoda White, his sister-in-law, was given seven years in the penitentiary. John Blair and Lewis Blain, who were given the same sentence, were given the same sentence.

year sentences for horse stealing. Frank Ferbert and F. J. Walker, the latter from Columbus, were given two year sentences for maiming.

William Gibson drew three years for a felony and Bennett Orrick two years for a felony.

The men sentenced for gun totting are: John Canterbury, Charley Hobbs, Wilson Brewer, Chas. Williams J. D. King, Doble McAlwain and George Meek.

Each drew one year imprisonment and \$100 fine.

As the horse breeding season approaches many horse dealers of the Middle West are shipping into the State of West Virginia, stallions and jacks to be used for breeding purposes. Whenever these animals are sold at reasonable prices there can, of course, be no objection to this practice. Many promoters, however, are organizing companies in the various farming communities for the purposes of selling to these companies, stallions and jacks at exorbitant prices. In many cases \$2000 to \$3000 is asked for a stallion and \$1200 to \$1800 for a jack. It is seldom that an animal is worth this much to the farmers composing these companies. First class imported stallions may be purchased readily at from \$1200 to \$1800 and home bred animals are always available at from \$800 to \$1200. Jacks should sell at from \$600 to \$1200.

Organizing a company and purchasing a high class sire is certainly a commendable step for any community to take, but there is no reason why the stock dealers of these companies should pay exorbitant prices when excellent animals may be secured for much less money. Before paying \$2500 to \$3000 for a stallion, look around and see if a better animal can not be purchased for less money.

## FROM TEXAS.

As the old doctor said in his public entertainment, "This is budding season, and as the trees are budding, mankind is budding also; and as it is the time for pruning our trees and fertilizing the ground even so should we cleanse and renovate our bodies of all impurities with his mild purgative remedies preparative for another year of good health, labor and usefulness." In general this is a timely hint to the wise. The general health of the public is excellent here, with but

very little contagious diseases. There has been many deaths in some parts from meningitis; also there is another disease that doctors call appendicitis and which they profess to cure by a surgical operation, which I often think is more for graft than anything else. It's quite common for some one to have appendicitis and go to the sanitarium for an operation and pay \$50 or \$100. Most all get well again.

I was very much pleased to see a beautiful compliment of "A Friend," to the life and character of Judge Joseph Ross, of Flat Gap in the NEWS. I knew him during my early life to be a good moral and sober citizen and highly respected by all who knew him.

Well, Texas has two officers where Kentucky seems to have but one. Here there is a tax collector to collect taxes and a sheriff to execute summons and make arrests. I haven't seen a tax collector on the road since here. All must go to his office to pay. There are both men and women in the office.

Another thing, the nights seem to be a little lighter than in Kentucky. I think it is attributable to the hills and more star light. The sun appears and disappears in a very short period of time, consequently no time to read by twilight here.

## OBITUARY.

Elizabeth Alexander, wife of John Alexander, of Gallip, Ky. was born July 21, 1845, and died February 19, 1914, aged 69 years 6 months and 17 days. She professed faith in Christ about 40 years before her death and lived a consistent Christian all these years. She passed away peacefully and quietly where her happy soul will join the kindred friends and her Savior in bright glory that she said was waiting and going to meet. She leaves her aged husband, three sons, one daughter; William Williamson, of Inez, who was present, and Ted and Eugene, and Mrs. Arnold Perry, all of Gallip; and one brother, Wm. Lowe of West Virginia, who was not present; and a host of relatives and friends to mourn her death.

Aunt Betty, as we always called her, will be missed. She was a member of the Freewill Baptist Church at the time of her death. She was always ready to visit and help the sick. About eight years before her death she came to Rev. A. H. Miller and requested that if he was living when she died she wanted him to preach her funeral and attend to her burial and did often times after that remind him of her request. The body was taken to the Oddfellows hall, followed by a large crowd of people. The husband has lost a good, kind wife, the children a loving mother, the church a faithful member, the community a good citizen. But our loss is heaven's gain. REV. A. H. MILLER.

Best Liver and Bowel Cleanser and Stomach Regulator in the world—Work while you sleep.

Get a 10-cent box. Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passage-way through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.
